“Mommy & Me” Friday Class

With Ashley Rodriguez Guthrie

We have scheduled a fun and educational parenting class beginning September 2024, through May 2025. Our family parenting classes were created to expose very young children to age-appropriate activities with mommy, daddy, or both. Grandparents and nannies are welcome too.

The program, a multitude of experiences includes: Parent and child orientation, indoor and outdoor hands-on-activities, rhythm, musical games, story time, art, physical development, field trips, parent discussions on raising children. There are many opportunities for parents to socialize and for young children to begin developing early communication skills in the comfort of mom's and dad's presence. The class is available for tots and siblings, age 15 - 30 months.

Becoming familiar with their new surroundings while developing new friendships and having fun with mom/dad, the class helps the young child experience an easier transition into preschool. Then our Mommy & Me class graduates are given priority enrollment into Hogg's Hollow Preschool. Potty training is not necessary.

To apply, please complete the attached pdf of our application and return it with the fee. An admission form will follow and once it is completed and verified, the bookkeeper will forward a statement for the tuition. All fees must be paid prior to starting the class.
